OM SAI SEVASHRAM, started functioning from the year 1999. Our organization is rendering services to the satisfaction of the inmates by offering nutritious and healthy food besides attending to their ailments by providing medicines, taking the inmates to hospitals in cases of emergency. ## SHELTER TO ORPHANS

Children, abandoned by their parents need protection to turn into good citizens. we provide them with shelter, nutritious food, good education etc. to become disciplined citizens. Presence of children in an old-age-home enlivens the atmosphere and creates a homely environment and thus benefits both the aged and the children.

There are many poor children who are meritorious and require economic support to come up in life. Our organization is providing such children with books and scholarships besides shelter.

**Children are the wealth of the nation. Don't neglect them.**
